

Exportar Clientes

Acesse o Menu Pedidos> Clientes e aplique o filtro desejado para a exportação
Clique no ícone de "impressora" e escolha entre PDF ou CSV e pronto

The image shows two side-by-side screenshots of the Vendizap mobile application interface. The left screenshot is in active state, while the right one is dimmed to show the background. In the left screenshot, the 'Clientes' menu item is highlighted with a red box. Below it, a date range filter '01/01/24' to '31/12/24' is circled in green. In the search bar, the filter icon and the printer icon are both circled in red. The bottom navigation bar has the 'Pedidos' icon highlighted with a red box. The right screenshot shows the same interface but with a white overlay at the bottom titled 'Visualizar clientes' containing two options: 'PDF' and 'CSV', both highlighted with red boxes.

Clientes

01/01/24 31/12/24
